Sturgeon Cleanup Leaders Proud Of Student Summer Work Force

The Sturgeon River is currently the focus of attention for a contingent of 40 student summer employees who are engaged in the Federal Student Summer Employment Program #4 (SSEP) briefly referred to as SSEP

The project, co-ordinated by the military, militia and the Town of St. Albert Parks and Recreation Department received a federal grant of \$20,000 to clean-up the Sturgeon River, within the boundaries of the town, of all

refuse which has accumulated there throughout the years.

Supervising the project on behalf of the Edmonton Militia District are captains Norman and Donna Lynch of 51 Geneva Crescent, Capt.

W. N. McKerracher of the regular Army, Major Lee Ahlstrom, 8 Field Engineer Regiment (Militia) and John Beale, St. Albert Parks and Recreation Department.

On the Sturgeon River clean-up project itself are four militia non-commissioned officers who are directly responsible for all field operations. Senior NCOs are: Warrant Officer A. McCallum, Sgt. R. Crooks, Sgt. C. T. Martin and Corp. F. Delomoso, all members of the 8 Field Engineer Regiment (Militia). These four co-ops, operate the heavy equipment, assist the contingent of 40 students who are doing the actual clean-up. Amongst the contingent of young workers are female as well as male students and according to the members of the militia in charge of operations, "the

Continued on Page 2

Visiting band performing here

People in St. Albert have a real treat in store next Wednesday night when the Saskatoon Lions Band will be on stage at the bandshell in Lions Park here. The

noted 65-piece orchestra will be performing in the Klondike Days parade and have added the St. Albert concert to their itinerary.

The concert begins at 8 p.m. July 26 and there is no

admission charge. Band members are being billeted by Lions in the Edmonton area. The performance will include the snappy routines of the majorette group which accompanies the band.

Members of the Federal Student Summer Employment Program #4 (SSEP), currently engaged in the Sturgeon River Clean-up are seen in the process of pulling out a length of rusty pipe above the Perron Street Bridge. Ed Bieszczad of 25 St. Vital, wearing waist-waders is attaching a line to the pipe while Lee Newby, in the dinky keeps a close watch on the operation as 'emergency stand-by'. The other members of the SSEP section on shore have the other end of the line and stand ready to yank the rusty pipe out of the Sturgeon waters.

Welcome Wagon calls show large increase

The Welcome Wagon operation in St. Albert gives a good indication of just how the town is booming. June

Leggett, hostess, reports that so far in 1972 calls made total more than for the entire 1971 year. June and her assistant hostesses

Bette Smithson, Vivian Schlinkinger and Yvonne Webster have made 396 calls on newcomers to St. Albert so far this year, as compared to 377 for 1971, and as Mrs. Leggett points out two very busy months are yet to come - August and September.

The Welcome Wagon hostesses represent civic and service organizations and firms in the community, and they try to provide the new family with information on all aspects of living in St. Albert. The service is made possible by the sponsorship of several businesses in St. Albert, who provide gifts and greetings to the newcomers.

Another popular part of the operation is the Welcome Wagon Newcomers Club which is really flourishing. They meet once a month for a dinner meeting at the Purple Dade, from September to June. Attendance averages about 100 ladies per month.

Classes were held every day from July 10 to 14 in the Club House, and assisting Miss Day were Fred Chow and Martin Wing, also employees of St. John Ambulance Association in Edmonton.

Graduates received their Emergency Certificates Friday on the last day of what was termed, "a very successful five day course."

38 Local Youngsters End First Aid Course

After five full days of intensive studies, 38 local youngsters graduated last Friday with their Junior Emergency Certificates, awarded by the St. John Ambulance Association of Edmonton. The course was conducted here through the co-operation of Mrs. Rene Laird, recreation co-ordinator.

The comprehensive course, aimed to the emergency phase of the St. John Ambulance series of courses deals primarily with cases everyone encounters during the course of normal living. For example, the youngsters are taught how to bandage a wound, how to

resuscitation, how to identify types of breaks, how to deal with poisoning and so on. Miss Lynne Day of St. John Ambulance Association said, "this emergency course is one which would be invaluable to any age group."

Undoubtedly the only race track of its kind in the world, the Gopher Derby track at Eston, Saskatchewan is completed with starting box and finishing tube. When the gophers enter the tubes shown in foreground, flags bearing his number pop up. Betting windows were part of the scene under the banner 'Prairie Mutuals' and the races were hilarious and a great crowd pleaser reports Norm Lynch who brought the Gazette the photo.

Gopher 5 makes valiant try

Norma and Donna Lynch were near Eston over Canada Day weekend, visiting Donna's parents, so they dropped in at the World's First Gopher Derby, put on by the Eston Lions Club. The St. Albert Club was fortunate in having a gopher drawn for this unique event, so the Lynchs were particularly interested in gopher number 5, I made a terrific start - running for all he was worth down the track for three-quarters of the distance. Then he sat up -- looked around -- and headed back to the starting box. However he recovered him-

self sufficiently to make a second attempt and managed to place second in his heat. However only the winners went on to the finals and he had to bow out and return to the fields.

Norm reports it was a very well run event, with a baseball tournament in conjunction and the crowds on hand tripled the Eston population. Much fun and some profit for the Lions ensued through the 'Prairie Mutuals' and many were the \$2 bets placed on the unpredictable gophers. He also enjoyed meeting a lot of fellow Lions at the races.

Sanitary landfill site headed for public hearing

Council Monday night ratified a recommendation made at a special committee meeting, held in camera, Wednesday, July 12, at which Town Administrator Dan O'Connell was instructed to prepare a submission on the cost and need for a sanitary landfill site to the Local Authorities Board. The approval of this recommendation received unanimous approval.

The entire sanitary landfill situation was discussed July 12. The first part of the meeting was held in the lecture room of the St. Albert Library where Mr. E. Morrison of R. M. Harly and Associates Ltd. gave a brief introductory talk on sanitary landfills in general. Then a film was shown entitled, "The Trouble With Trash," a 30-minute documentary produced by Caterpillar Tractor Ltd.

Retiring to the council chambers, after the showing, Mr. Morrison spoke on the various aspects of sanitary landfill operations. He expressed the opinion that the site the Town of St. Albert is presently looking at presents no technical problems. The site in question is located in the southeast quarter of section 28, township 53, range 25, west of the 4th meridian (referred to as the old alfalfa plant). The site is located in the MD of Sturgeon and consists of approximately 41 acres.

Besides all members of

council, present were also Town Administrator Dan O'Connell, J. Mandaag, town engineer, A. M. Brownlee, town solicitor and Mr. Morrison.

A public hearing has been scheduled for July 25, at 10 a.m. in the Council Chambers.

towns St. Albert at which time interested residents may make a public representation on the matter or submit written representation on or before 9 a.m. on the day of the hearing at the Edmonton office of the Local Authorities Board.

This was a typical scene photographed during last week's St. John Ambulance Association course held here for junior first aid students taking their emergency training lessons. Here we see Kathy Parry waiting for further instructions from course instructor Lynne Day while Kathy's patient, Raymond Meedith simulates 'a victim in shock'. Kathy Parry and Raymond Meredith are only two of the 38 St. Albert youngsters who took the five-day course and graduated with St. John Ambulance 'Emergency' Certificates.

Sturgeon Cleanup

Continued from page 1
grils are just as good workers as the boys... they're right in there with the best of them and aren't afraid to tackle anything."

AUGUST DEADLINE

According to the master plan, the \$20,000 grant will allow for about 40 students to clean-up the Sturgeon, a distance of about two miles and the job is not expected to last beyond August 31. Working under experienced supervision, the platoon of students probe the riverbed for refuse, dig it out and stack everything they find along the river's bank where it is collected and hauled away. The students are equipped with rakes, shovels and crowbars to deal with the smaller 'junk'. Heavier items are removed from the river by means of a wind-equipped army truck.

"All the physical work is done by the students," said one of the not-coms, "we supervise the work, advise the workers how to tackle the bigger jobs and of course stand guard to make sure no injuries occur."

The contingent of 40 students is divided into three sections, each section is the responsibility of an NCO. Sgt. Crooks has Section one, Corp. Detomason Section two and in charge of Section

three is Sgt. Martin. All three sections move downriver in unison, one section probes, another section takes up the junk while the other section stocks the garbage ready to be hauled away. To provide transportation for the workers, convey equipment and haul around the mobile canteen, the co-ordinators of Program 4 SSEP supply two 2-ton trucks, one three-quarter ton truck and a jeep with trailer. The smaller equipment includes a power saw with which to chop windfalls into firewood, hand tools, safety lines and even a rubber digger which has proven to be invaluable while retrieving junk submerged in deep waters of the Sturgeon.

SAFETY FIRST

The militia NCOs in-charge take no chances. When a cumbersome piece of salvage is found buried under a few feet of water, one of the taller and stronger students, dressed in waist-waders leathers himself to a life-line and wades in. Accompanying the wader are two life-jacketed students aboard the dory and on shore, as many members of the section as are needed to assist in the removal of the object under attack. All the while, militia section leaders stand by, issue direct orders so that the jobs gets done efficiently... and without mishap.

Sgt. Martin, who is in charge of Section 3 admitted that they are encountering a variety of huge obstacles they presently cannot cope with but should be removed if the job is going to be done properly. He gave for example huge stumps and blocks of concrete which he

says cannot be pulled or moved. "Those should be blasted with explosives," he said, "and we have the qualified personnel and demolition equipment to deal with things like that." When asked why were they not going ahead with these problems, he explained that negotiations are in progress at the moment to obtain permission from the town to use explosives on these obstacles within town limits. Sgt. Martin was quick to explain that militia explosives experts could, if given permission, blast these cumbersome obstacles with out injuring anyone or without threat to property. "We'd simply attach a charge to one of those giant concrete blocks along the river and reduce it to about half a dozen smaller pieces," he said.

NO PROBLEMS

John Beedle, superintendent of St. Albert Parks and Recreation and his staff are working in close co-operation with Program 4, being responsible for the junk disposal phase of the project and negotiations with St. Albert residents whose property runs adjacent to the river. Mr. Beedle and his staff have to obtain permission of access to private

property on the river so that the project can be done without problems. Mr. Beedle reports that people of St. Albert have all been most co-operative in letting the army of student workers invade their land and effect the clean-up. Warrant Officer A. McCallum reports that his contingent of student workers are by-and-large good and responsible youngsters and a pleasure to work with. He did admit that one of the boys suffered a minor head injury and is back at work now after spending a while in hospital for observations. "They earn their \$61.60 weekly pay," he said, "but they don't seem to mind getting wet, their prime concern is to get that dirty Sturgeon cleaned-up."

When asked what type of junk was more frequently encountered, W/O McCallum said broken bottles came first, then car parts, tin cans and fish hooks, "pretty well in that order," he said.

This week the work force has spent most of its time clearing around the bridge on Perron Street and expect to run into similar heavy work around the other bridge down-river on Highway 2. All Program 4 officials seem confident that the job will be completed by the August 31 deadline.

Supervisor plans for kids at park

Special activities planned by Shirley Goldstick for her young charges at Lions Park for the coming week are a Robo Stew for lunch at one o'clock Friday. Each child should bring a can of meat or vegetables, such as baked beans. The entire contribution will be stirred into one big pot. They should bring a spoon too!

Next Tuesday they are going to have a go at Vego-

table Block Printing - for this the kids should have a medium potato and a blunt knife - plastic if possible.

Town of St. Albert Notice of Public Hearing

The Council of the Town of St. Albert having been given authority under Section 119 of the Planning Act 1970 R.S.A., as amended, to control development within the boundaries of the Town of St. Albert by zoning, will hold a public hearing.

The purpose of the hearing is to rezone the shaded area of the plan below presently zoned Residential - Multiple Family (R3, row housing) to Residential - Multiple Family (R3A, apartments).

to 'R3A'

*Bylaw 28/72 given first reading 19th of June, 1972 proposes to change this area from Residential Multiple Family (R3) to Residential One Family (R1C).

The proposed Bylaw #38/72 may be examined between the hours of 9 a.m. to 4:30 p.m. at the office of the Secretary-Treasurer, Town Hall, St. Albert.

The public hearing will be held in the Council Chambers on the 8th day of August at 8 p.m.

Written objections to the proposed bylaw will be received by the Secretary-Treasurer at his office until 4:30 p.m. on the 3rd day of August, 1972. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

R. B. Bowen,
Secretary-Treasurer.

LOCAL AUTHORITIES BOARD

IN THE MATTER OF "The Municipal Government Act":

AND IN THE MATTER OF "The Administrative Procedures Act":

AND IN THE MATTER OF an application by the Town of St. Albert for approval to acquire certain lands situated in the Municipal District of Sturgeon No. 90 pursuant to the provisions of Section 127(4) of The Municipal Government Act.

Under date of June 5, 1972 the Town of St. Albert, in the Province of Alberta, made an application to the Board, pursuant to the provisions of Section 127(4) of The Municipal Government Act, seeking approval of the Board to the Town acquiring Block A, Plan 5834 H.W., (being a part of the South East Quarter of Section Twenty-eight (28), Township Fifty-three (53), Range Twenty-five (25), West of the Fourth Meridian, and containing approximately Forty-one and Thirty-seven Hundredths (41.37) acres, situate in the Municipal District of Sturgeon No. 90, for the purpose of the construction and operation of a sanitary landfill for the Town, the Municipal District having refused approval to the acquisition primarily on the grounds raised by persons attending a public hearing on August 17, 1971 in the Committee Room of the Municipal District of Sturgeon Offices at Morinville, Alberta that such an operation would adversely affect certain adjoining properties and that there was at least one alternate site that would be a more suitable location for the proposal.

TAKE NOTICE that the Local Authorities Board has fixed Tuesday, July 25, 1972 at the hour of 10 A.M., in the Council Chambers in the Town Hall, in the Town of St. Albert, Alberta as the time and place for hearing the matter aforesaid.

It may be that you are a party whose rights will be varied or affected by the Board exercising its statutory authority in the matter, and you are hereby notified that -- (a) at the time (July 25, 1972 at 10 A.M.) and place (Council Chambers in the Town Hall in the Town of St. Albert, Alberta) you may appear before the Board to make such representation on the matter as you may wish; OR (b) on or before 9 A.M., on July 25, 1972, you may file your written representation on the matter with the Board at its Edmonton office at the undernoted address.

DATED at Edmonton, in the Province of Alberta, this 10th day of July, A.D., 1972.

W. C. ELLIOTT, SECRETARY,
LOCAL AUTHORITIES BOARD

Notice of Tax Penalty

This notice is a reminder to ratepayers of the Town of St. Albert that taxes are now due and payable on both property and business taxes. A penalty of eight per cent will be charged on all current taxes not paid by Thursday, July 20th, 1972.

R. B. Bowen,
Secretary-Treasurer.

Town of St. Albert

PROCLAMATION

By virtue of the authority vested in me pursuant to Section 237 of the Municipal Government Act being Chapter 246 R.S.A. as amended, I hereby proclaim Monday, August 7, 1972 to be a civic holiday in the Town of St. Albert.

Dated at St. Albert this 17th day of July, 1972.

R. M. Gibson, Mayor,
Town of St. Albert.

Over 100 speeders failed to negotiate the RCMP speed trap set up on Highway 2 recently. In most cases the tickets issued cost offenders \$30.00. RCMP have been especially disturbed by the increasing volume of fast traffic along Highway 2 through St. Albert, especially at critical points where animals are relocated. Speed limits through town on Highway 2 has been set at 40 m.p.h., and police are anxious to enforce this speed while at amber-light locations, motorists must not exceed 20 m.p.h. Nonetheless at least 100 motorists who are aware of St. Albert speed limits on Highway 2 and more will find out the RCMP told The Gazette, "run back on the highway with our speed trap soon." Who knows if we may be moving tomorrow?

Don Sinclair is now in Sturgeon General Hospital, having been released from intensive care following a recent attack and is reported improving.

Property owners are reminded that if they do not return the consent mailed out by the Parks and Recreation department, allowing the students access to their property along the Sturgeon, then the property will not be cleaned under the SSEP project being supervised by the Militia.

June Sheppard, well known Journal columnist

will be guest speaker at the Civic Banquet being tendered Thursday by the town for the exchange students and their parents.

Local curlers interested in the excellent curling school to be held in September, are reminded to telephone Kay Carmichael at 599-5110, before August 1st if possible.

Former residents Mrs. Doreen Chop and her daughter Rosanne were visitors to St. Albert Monday evening. Rosanne is being married in September.

Col. Wallace from Training Command headquarters in Winnipeg was in St. Albert last Wednesday for a look at the Sturgeon River clean-up project being carried out under Project 4 of the federal governments Student Summer Employment Program, which is under the supervision of the Militia. He was accompanied by Major Allstrom of Edmonton Militia District. Col. Wallace was pleased with what the young people were doing. Friday was also a big day for students on the project, when Major Allstrom, paymaster, came through with the first cheques.

The London Society are in the Klondike mood as usual this time of year, planning their annual Klondike dance at the Club Moncombo. Irene Booth reports

that the fabulous Crusaders will be playing Klondike era favorites, prizes in the air and in the offering for best costumes and door prize, and the \$5 tickets include a buffet supper. The Londoners are looking forward to a large crowd and as customary a share of the profit will go to the Hercules Athletic Club and the Nomad soccer team, both of whom the Society supports substantially. It is no clear whether a repeat of last year's Kick-line Kontest between the men and the gals will be staged again. Apparently some of the fellows can still remember the sore leg muscles. Better gather up gang and get in on the fun and refreshments, Klondike style.

Kinsman Don Parkin has advised Mrs. Weller, president of St. Albert's Senior Citizen Club, that due to a conflict of commitments the pancake break-

fast, which the Klansmen had planned for the older people on July 22nd, will have to be postponed. The event, to be held at Lions Park will be re-scheduled during the latter part of August.

Fraser Schuchard took a two-family group of singers and instrumentalists out to perform for the inmates of the jail at Fort Saskatchewan yesterday. Parents and children of the Schuchard and Lukay families often get together for singing, accompanied by trombone, guitar, piano, organ and drums, according to who is able to attend the practice. They entertain under the name "Balmoral Balladeers," both families living on Balmoral Drive. The Balladeers will also be entertaining at Fete au Village in Leduc over the July 29 - 30 weekend.

Rene and Dolores Kam-bouroff combined business with pleasure on a weekend jaunt to Whitecourt, Folding Mountain, Jasper, Banff and Calgary, picking up their daughter Susan (of high jumping and riding fame), in Calgary after her stay at Camp Chief Hector west of the city. They left Friday and were home Monday about 6 p.m., in time for the councillor to make the regular meeting at town hall.

There's a local lady whom, we think, displayed a lot of good common sense when she was confronted with a year's accumulation of empty wine jugs and bottles. Her prime concern was the disposal of these and not contributing to the garbage pickup problem or destruction of our local ecology. So, instead of dumping her

supply of empties in the Sturgeon (like a lot of people do) or simply adding them to the overall garbage disposal grounds, she offered them to amateur wine makers through a Gazette Want Ad. "That did it," she said. "I had dozens and dozens of calls for my empties . . . and could have given away hundreds more." She was justly proud of having stumbled onto a great solution to a problem she believes confronts many of us. We agree with her entirely and feel that the recycling of glass bottles and jugs is a great contribution to safeguarding our community against this type of pollution.

Sid Booth of Sonora Drive is looking fit and healthy after his recent operation and says he's all ready for the London Society's Klondike Dance Saturday night.

How to kill good faith

Canadians may have lost some more of their innocence this month. Until then, just about everyone -- expert tax lawyers as well as ordinary taxpayers -- had firmly believed the information they included in their tax returns was confidential. You could, the belief went, tell the tax collector all sorts of personal things about how you earned and how you spent your money. All the tax man cared about was that you paid up on what you earned. You would get into trouble only if you lied about your earnings and your deductions. Now, The Financial Post points out, this comfortable view has been shattered by the revelation that Department of National Revenue's tax sleuths had tipped off the Federal Justice Department about some business dealings of a former tariff consultant which allegedly overlapped his term as chairman of a federal tribunal. As a respected tax lawyer puts it in The Financial Post: "For decades, Canadians have been told by the government that the information they send in on their tax returns is abso-

lutely confidential. Well, we've been conned." The Financial Post goes on to say that people who believed they had the solemn pledge of the government that whatever they reported would be used only by the tax department and, more recently, Statistics Canada, may have been unwittingly cajoled into bearing witness against themselves in ways that could lead to later legal actions initiated by the government. The Financial Post stresses the point that if the government doesn't preserve the confidentiality of tax returns, returns to Statistics Canada and similar private documents, then companies and individuals will be tempted to withhold much innocent but valuable information. Only a strong and unequivocal government statement that Ottawa will mend its ways can change this. Otherwise, the integrity of the tax collector, who knows all and says nothing, may be just one more shattered illusion -- and great damage will have been done to frank dealings with government. The Financial Post comments.

Debunking The Day Care Mythology

ANYONE CAN LOOK AFTER KIDS

By Howard Clifford

Director Day Care Services City of Edmonton

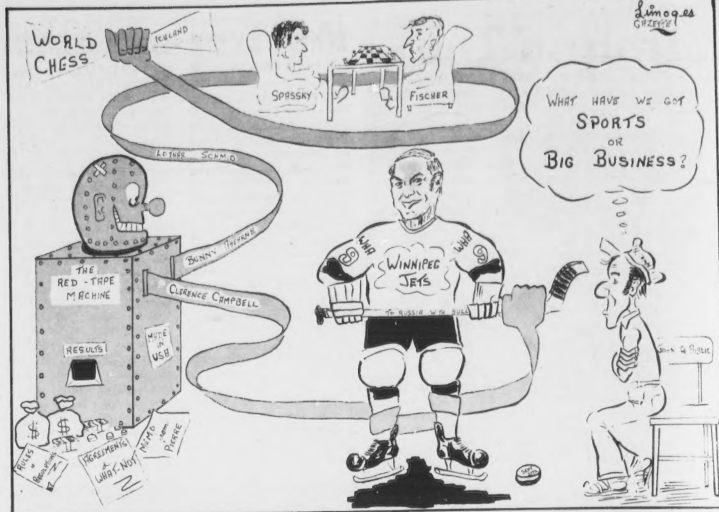

This myth contradicts the myth that day care is a cold institution. The arguments advanced by those who hold to Myth Number 3 should effectively challenge the assumption that anyone can provide group care of children.

Some point to the mothers who have successfully reared a large brood as proof that neither large staff nor training are necessary. This argument overlooks the "built-in" day care staff provided by older siblings. The fact of the matter is that the experience of caring for your own children is in no way the equivalent of caring for 15 to 20 children, all of

the same age, and all from extremely varying backgrounds.

A study by Prescott and Jones, which examined 50 day care centres in Los Angeles, found that certificate teachers taught more lessons in large muscle skills, developed consideration for the rights and feelings of others, and were less controlling than the non-trained teachers. In fact, the non-trained teacher scored lowest in the areas of development and highest in the areas of control, which was the exact opposite of the pattern scored by the certificate teachers.

The most convincing proof of the need for trained day care staff is to simply observe a centre with well-qualified staff and then compare it with one without.

Gazette Reader Comment

Readers confuse Day-Care Centre with "Helpmates"

The Editor:

It has been drawn to our attention that some confusion exists regarding the St. Albert Day Care Society and the Summer Day Care Program presently under way at Robert Rundle School, originally for children ages 2 - 9 of single parents.

The Society is in favor of this type of summer recreation.

One of life's most pleasant moments is when your children get to the age where they don't have to pretend any longer that you know everything.

He: "Alice, we've been going steady for two years now."

She: "Yes?"

He: "You think it's about time we broke up?"

New parents have no trouble telling when it's time to get up. It's when the baby has just fallen asleep.

The Editor:

May we make an appeal to your readers for some missing documents?

The Historical Branch of the City of Edmonton Parks and Recreation Department has been researching information about the Hudson's Bay Company Fort Edmonton as it was during the 1840's, in preparation for an authentic reconstruction of the post. Much of our knowledge of this fort in the 19th century is derived from Fort Edmonton Journals of Daily Occurrences which are now in the Hudson's Bay Company Archives. Unfortunately all of the Journals between the years 1834 and 1854 are missing, but it is possible that they still exist somewhere, perhaps in a private collection.

If any readers have information concerning the whereabouts of these missing journals, we would sincerely appreciate hearing from them at: The Historical Exhibits Building, 10105 - 112 Street, Edmonton, Alberta, T5G 0H1.

Doug Babcock, Research Consultant.

"A THOUGHT ON PUBLIC PICNICS"

As I stand here and look into space, I wonder what has happened to our style, our thoughts and our taste.

For where people once gathered for joy and relaxation, has become a place of empty bottles and intoxication. In view of safety and the law,

Must we stoop to the last straw?

If love and kindness be our aim, O Lord, help us feel a bit of shame.

"A Concerned Parent" Name With-held.

Lion Rock Holman attends International convention

District Governor Rock Holman of Lions District 37B, and Shirley Holman, got back July 9 after attending the Lions International Convention in Mexico City. Five hundred and four districts from throughout the world were represented at the convention which attracted about 40,000 Lions and their wives. Lions International comprises 147 countries, most of which were represented.

Prior to the convention Mr. Holman attended a 3-day school conducted by International Directors and Past Presidents for Incoming District Governors.

Elections to fill expired terms on the International Board of Directors were held. The Lions International president is from

If you're voting McGovern and I'm voting Humphrey, why are we going to the convention?

France, first vice-president from Montreal, 2nd vice-president from Montreal, second vice-president from Illinois and the third vice-president is from California. The directors from Canada was not up for election this year, since he is beginning his second year of a two-year term.

Since his return, Rock has officiated at the chartering

of a new club - The Pidgeon Lake and District Club, attended by 176 people at the community hall at Mameo Beach. This weekend he is off to Missoula for a council meeting for all district governors in multiple district 37. On the 28th he will charter a new Lions Club in Nampa, which will bring the total number of clubs in district 37B to 56.

St. Albert mothers indeed responded to the offer from Donald Mills, newly appointed librarian, when he initiated a one-hour program for preschoolers. Mr. Mills suggested through The Gazette columns that every Friday, from 10 to 11 a.m., he will conduct an educational and entertaining hour-long session for local pre-school youngsters while their mothers go shopping. For his first session of songs, puppet shows, games, tree lemonade and cookies, Mr. Mills had a class of 31 preschoolers. Mothers who are interested in availing themselves of this facility while giving their preschoolers a real treat, remember the St. Albert Library, Friday from 10 to 11 a.m.

Mad Trapper identity still Mystery-Bowen

A recent story released by the Canadian Press out of Vancouver claims an elderly couple knows the true identity of the Mad Trapper of Rat River, Albert Johnson who led the RCMP in a wild 54-day manhunt back in 1932.

Mr. and Mrs. C. A. Benson of Vancouver claim they dealt with a man who called himself Albert Johnson in 1927. The encounter was supposed to have been in relation to a deal Johnson was trying to negotiate for a fishing boat. Mr. Benson, an authority on boats was called in to advise Johnson regarding the craft in question and from this meeting, the Bensons claim they got to know Johnson quite well.

Here in St. Albert we have quite an authority on the Albert Johnson saga because he was one of the star performers in the historic drama. Jack Bowen, a spy 71-year-old semi-retired flight engineer lives now at 13 Greenview Crescent. He flew thousands of hours with the late Captain W. R. 'Wop' May, and was aboard the famous old Bellanca monoplane when Albert Johnson was finally gunned down by the RCMP led posse February 17, 1932 on the Eagle River, about 150 miles south of Aklavik.

The Canadian Press story, headlined "Great Crime Riddle Solved?" made Jack Bowen shake his head and smile. "For over 40 years," he said, "writers all over the world have been coming out with these yarns about Albert Johnson and who the mysterious trapper real" was." Mr. Bowen claims that nobody knows who Albert Johnson was and probably, nobody ever will.

Mr. Bowen, whose memory is keen bears his six-foot plus frame erect and enjoys a very active life, lived in the Arctic most of his adult years. Because of his adult years. Because he was in on the Johnson man-

hunt, he has long ago come to the conclusion that Albert Johnson may never be truly identified. "Some of my best friends," he says, "have spent many years of their lives trying to solve Albert Johnson's true identity, and have failed." He says one version of Johnson's identity is probably as close to the truth as anyone can get and that's Dick North, author of "The Saga of the Mad Trapper of Rat River," a Midnight Sun Arctic Series brochure.

Dick North believes, after extensive research, that Albert Johnson could have been Arthur Nelson, a little known trapper who came to the north country around 1925. This individual rarely communicated with anyone and lived alone in a cabin. He vanished from the area about 1929 and was never seen again.

According to Mr. Bowen, he firmly believes Albert Johnson was "someone else" with a past. He further tends to side in with Dick North's assumption that Nelson and Johnson were one and the same man. "But of course I can't prove it," Mr. Bowen said, "and neither can anybody else."

Some of the substantiated evidence that Nelson and Johnson were either the same man or one of them had killed the other, perhaps during a chance encounter in the wilderness was the personal effects found by the police on Johnson's body at the end of the 54-day manhunt. Amongst these effects were cash notes of an assortment of

denominations which the banks later traced to Arthur Nelson and issued to him a few years previously when he sold \$680 worth of furs.

Another item which made Jack Bowen laugh was the claim in the paper stating that Albert Johnson managed to elude the posse for 54 days, wearing snow shoes weighing 10 lbs. each. "No way," he said, "would those snow shoes weigh that much." He suggested, however, that Johnson's snow shoes could have weighed about one and one-half lbs. each. He also admits that Johnson must have lived "of the land" during the hunt because he certainly didn't have any provisions with him.

As for Johnson appearing on the scene in Vancouver in 1927 is doubtful Mr. Bowen said because if Johnson is indeed Arthur Nelson, then he would have been north where he was last seen. And as for Johnson having a partner... a French Canadian at that... is very unlikely because Johnson was a loner. And where the

article claims the partners split up in Edmonton is another statement Mr. Bowen doesn't agree with.

Jack Bowen, as flight engineer with Wop May and navigator, not only spotted "The Mad Trapper" from the air during the manhunt but kept a daily vigil on the fugitive throughout the final 11 days of the hunt, (Feb. 6 - 17). Wop May and Jack Bowen made daily sorties over the manhunt area, tracked the fugitive, helped the RCMP overcome the elusive woodsman and kept the posse supplied with food, ammunition and dog rations.

When The Mad Trapper was felled, Wop May and Jack Bowen brought the body out to LaPierre House, located about 10 miles north of Eagle River where Johnson died. Later, Johnson's body was removed to Aklavik by May and Bowen who also ferried out the entire posse which consisted of RCMP officers and men, guides, native volunteers and special constables along with seven dog teams and sundry equipment.

Mosquitoes Phillies to meet Britania-Youngstowners Sunday

St. Albert baseball fans will get a double-look at Edmonton's second-best Mosquito Division baseball team next Sunday, July 23, at the Paul Kane High School field.

Action between St. Albert's provincial playoff representatives, Phillies and the Britania-Youngstown Community League squad will get underway with the first game of a double-header slated for 1:30 p.m. This will be the final series of the best-of-three games.

In the first game, played last Sunday in Edmonton, Darrell Hughes of B-Y and St. Albert's Larry Schuchard became locked in a pitcher's duel for four innings with the score tied

at one apiece. A sharp triple to centrefield by co-captain David Lacroix of the Phillies scored teammates Breaky and Schuchard ahead of him and sent the Phils into a 3-1 lead. A short time later, Lacroix himself, crossed the plate when third baseman Brent Galbraith doubled. Britania evened up the score in their half of the final stanza to send the game into extra innings. Although the Edmonton club squeezed the winning run across in the sixth inning off reliever Wade Katznarzyk, the win is still unofficial as a protest has been lodged with the rules committee on the basis of misinterpretation of the infield fly rule by the ump-

ire. Britania-Youngstown was a finalist in the 1972 Edmonton City Mosquito Division championship recently completed and eventually won by the Delwood Community League.

Sports Day a success

By Liz McLeod

Congratulations! To each and every member of the Calahoo Sports Association for arranging such an outstanding weekend of entertainment.

The 12 game ball tournament brought together many wonderful people who participated in and supported the concession booths and made this past weekend a real family gathering.

The second Sunday in July is always the date of St. Catherine's Church picnic and for the last two years the Calahoo Sports Association have added their sports program to get whole families involved in the district.

How wonderful it is to see farmer residents come home for the church picnic to renew acquaintances and join in a good old horse-shoe game or cheer the Calahoo Chiefs on to victory.

The morning rain didn't dampen the spirits and the ball games went on as scheduled and perhaps the 6 p.m. game was the funniest when the Calahoo Cuties took the field against Villeneuve with a couple of Villeneuve players dressed also for an hour that was hilarious. Wow! What good looking legs!

This bunch of good sports provided a barrel of laughs for the spectators, dressed as the Calahoo Cuties for a game against Villeneuve on Saturday, July 9. The fellows are: Windy Cindy, Humming Hilda, Tiny Bubbles, Blundering Bertha, Serious Suzy, Pretty Petunia, Jolly Polly, Gorgeous Gladys, Saucy Suzy, Bashful Beatrice, Muk-Tuk Annie, Second-Hand Rose.

This game ended Saturday's go round and a wonderful evening was had with dancing in the Gazebo.

In the ladies games the Beverly Mistis with coach Bob Royer played Calahoo's gals and Calahoo won.

Spruce Grove ladies played Clymont's gals and Clymont came out the victors so, on Sunday evening Clymont played Calahoo with Clymont gaining an easy victory in a colorful game with a lot of cheering for both sides.

All in all this was a very successful weekend, thanks to all who worked so hard in the booths and preparing the delicious meal which was all sold out. Both the Church and the Sports Association are to be commended.

Chiefs even football series

The Calahoo Chiefs played errorless football Monday night in St. Albert and came up with a 7-3 win over Grandin Esso Tigers. The win deadlocked the best of three series at one game each. Grandin won the opener in Calahoo last Wednesday by a 4-2 score.

In that game Grandin scored all their runs in the first three innings and then allowed Calahoo single runs in the fourth and sixth innings. Mike Hampel went all the way for Grandin on the mound and also delivered a run scoring single in the first inning.

Calahoo's victory was

also won in the early innings when the Chiefs took advantage of some Grandin infield errors. They scored two in the first, two in the second and one more in the third to jump into a 5-0 lead before losing pitcher, Mike Hampel, hit a two run homer in the fifth.

Winning pitcher Artie Stevenson and Larry Mitchell had home-runs for Calahoo.

The series now goes back to Calahoo for the final game tonight, with the winner advancing to the best of three semi-finals against CJD A-1 starting Monday night in St. Albert.

In the other quarter final series, Stony Plain Playboys have a 1-0 lead in games with one other game under protest. The winner of this series will advance against Spruce Grove Panthers.

INSTRUCTIONAL CLASSES (AUGUST, 1972)

SWIMMING: (All levels) - Two sessions of lessons for children and students will be held in August: July 31 - August 11 and August 14-25. Classes will be held on week-days between the hours of 8 a.m. and 12 noon with tests on the final day. Adult lessons will be offered from August 1-24 on Tuesdays and Thursdays between 9 and 10 p.m. Two sessions of classes for mothers and preschoolers will be held (July 31 - August 11 and August 14 - 25) with lessons from 11:30 a.m. - 12 noon each week-day morning.

NOTE: The Red Cross Society has stated that children must be six years old before the end of the year in which they enroll in pre-beginners. The lessons for mothers and preschoolers are therefore especially important.

Another level, the Survival Award, has been introduced between Beginners and Juniors. Those who have passed Beginners must complete the Survival Award before progressing to Juniors. Only those who have taken the Junior Award and been unsuccessful will be eligible to enroll in Juniors.

DIVING: Two sessions: July 31 - August 11 and August 14 - 25. Classes will be held on week-days between 12 noon and 1 p.m.

R.L.S.S.: Bronze Medallion and Bronze Cross: July 31 - August 25: Mondays, Wednesdays and Fridays between 6 and 7 p.m.

COST:
SWIMMING - Residents \$3.50 Non-Residents \$4.25
Children & Students (Cost includes Red Cross fee)

Adults \$5.00 \$6.25
Mothers & Preschoolers \$5.00 \$6.25

DIVING - \$3.50 \$4.25
R.L.S.S. - \$4.00 \$5.00

COST OF LESSONS INCLUDES ADMISSION TO POOL CLASSES WILL ONLY BE HELD IF THERE ARE SUFFICIENT REGISTRATIONS NO REFUNDS EXCEPT FOR MEDICAL REASONS

****REGISTRATION****

THURSDAY, July 27 -- 7-9 p.m.
FRIDAY, July 28 -- 7-9 p.m.

In the Clubhouse (beside the swimming pool)
REGISTRATIONS WILL ONLY BE TAKEN ON DAYS MENTIONED ABOVE

ST. ALBERT RECREATION

HI — LITES

SWIMMING POOL:

Residents are reminded that the town is not responsible for articles left or lost at the pool. It is always possible to leave articles of value at the desk with a member of staff; it is much wiser, of course, to leave them at home.

SWIMMING:

A separate advertisement in this issue gives information about the instructional classes being held from July 31 - August 25. Registrations will be taken at the Clubhouse on Thursday and Friday, July 27 and 28 from 7 - 9 p.m. on both evenings.

There were almost 500 registrations for swimming lessons during July and there were mainly children and students. Additional classes have been added to the schedule for August and it is hoped that some changes in the procedure for registering will help to alleviate some of the frustration and

inconveniences caused by line-ups.

Although the weather is being most unco-operative, swimmers are reminded that the water in the pool is kept around a very comfortable 80 degrees. They are also reminded that scuba diving equipment is allowed in the pool on Sunday evenings from 9 - 10 p.m.

The adult swimming session from 9 - 10 p.m. is cancelled on Thursday, July 20. The pool will be taken over instead by the St. Albert exchange students and their guests from Newfoundland. On that evening the public swimming session will end at 8:30 p.m. and not 9 p.m. and the adult lesson will be held at 8:30 p.m.

TENNIS:

Tuesday mornings from 9:30 - 12 noon is the time when juniors can play or practise under the supervision of Mrs. Cynthia Sage or Miss Bernice Parsons, members of St. Albert Tennis Club who will be there

to give a helping hand when necessary. Details of Hillcrest Junior and Edmonton's Novice Junior tournaments will be posted on the notice board.

Ladies morning is on Thursday at 10 a.m. CHILDREN'S THEATRE:

On Wednesday, July 26, the Edmonton Experimental Theatre will be coming again to St. Albert. This time to the Arts Centre (in Salisbury Park, behind Vivaldi Grandin School) when the company will give two performances of their "Wild West Circus," one at 2:30 p.m. and a second at 7 p.m.

The young people who saw the play at Lions Park on July 12 had a great time. Children of all ages will be welcome at the performances on July 26. There is no charge.

Sailfish swimmers capture Hinton cup

The Sailfish Swim Club travelled to Hinton on Sunday to bring home another trophy. Competing against four other clubs, the St. Albert team amassed 401 points. In spite of the fact that most of the swimmers boarded the bus at 5:30 a.m. Final standings were: St. Albert - 401; Edison - 279; Hinton - 240; Drayton Valley - 232; Fort Saskatchewan - 148.

Since the club has won the three meets in which it has competed this year, it is obvious that there are some very good swimmers in St. Albert. They will be swimming again in Edison on July 29th and Bearhead on August 5th and 6th. Then will come the regional finals in Edmonton on August 19. The winning three swimmers in each event of the regionals will go to Calgary for the provincial finals on August

The St. Albert Pee-wee All-Stars have already played a few games this season and although they failed to come up with a victory, they acquitted themselves admirably well and indeed show great promise. They are: Back row, left to right - Derek Warmington, Mark Beckwith, Murray Wright, Brian O'Neil (coach), Ernie Kays, Mark Waygood, Todd Murray. Front row, left to right, Chris O'Ding, Steve Kirk, Brian Telford, Mitchell White, Mitchell Grey, Dan Kehoe.

Anthony Petty Winner In Drycleaning Test

Anthony Petty, partowner of Grandin Park Cleaners was recently honored in the "Spotting and Finishing Award" after successfully removing a particularly difficult stain from fragile fabric without damaging the material.

ard, the first time was in 1969, in our issue of The Gazette of June 28, we erroneously gave credit for this distinction to Norman Petty, president of the firm and Anthony's father who also, in years past, won the same craftsmanship honor offered by the trade magazine Drycleaning World.

This is the second time Anthony received this award.

that fit the budget!

Perhaps you have a neighbor who shops at Safeway and loves to talk about it. She brags about the quality of meat and produce she gets every time. According to her, variety is almost endless and prices are low. Safeway people, she says, go out of their way to give friendly and

courteous service. She may have you thinking no store could be that perfect. But, if you haven't yet tried Safeway, please don't ignore everything your enthusiastic neighbor says. Come see for yourself. Who knows? You might become a Safeway booster, too.

MD General Plan By-law ratified at July meeting

This month's regular meeting of the Municipal District of Sturgeon was touched off with a thorough discussion on the 'General Plan' which has been a popular subject for quite a long while. At a previous meeting, after the same subject had been dealt with clause by clause, it was given first reading and submitted for approval. Following more discussion at the July 13 and 14 meeting, the board unanimously approved the General Plan Bylaw and gave it third and final reading. Now, with this bylaw ratified, the MD of Sturgeon can proceed with the implementation of initial stages of the plan.

Mrs. Nancy Borman, an employee of the Provincial Government Department of Culture, Youth and Recrea-

tion gave an interim report on the survey of park reserves within the MD. Mrs. Borman told the Municipal Council that her full report will be completed sometime in August, at which time she will be making recommendations. At the moment Mrs. Borman is conducting a complete assessment of recreational park reserves within the boundaries of the MD and after her survey is complete, her report will help guide the MD Council where park improvements should be made.

A delegation from the North-East Area Committee comprising of Mrs. Kate Mabbutt, representing Gibbons and Clayton Crozier, representing Nampaw, made an appeal to the MD Council for financial assistance in the proposed construct-

ion and maintenance of an arena tentatively located in Gibbons. After hearing the delegates, Council agreed to establish a special fund of approximately one mill starting during the 1973-74 fiscal year. This fund will be distributed at the discretion of the Recreation Board. With a present total assessment of \$21,000,000, one mill represents approximately \$21,000.00.

The next Court of Revision will be held in the MD Office, August 10, start-

TRAVELLING ARTS AND CRAFTS WORKSHOP
In case anyone missed the ad in last week's Gazette I will include the schedule for workshop stops for the rest of the summer. Stops include:

Wed. July 19 and 20 - Riviere Qui Barre, addition to school.

Mon. July 31, Aug. 1 and 2: Gibbons - Hall.

Thurs. Aug. 3 and 4 - Horsehill School.

Tues. Aug. 6, 9, 10 and 11 - Bon Accord - Hall.

Mon. Aug. 14 and 15 - Nampaw - Elementary school.

Wed. Aug. 16 and 17 - Lamoureux - Hall.

Mon. Aug. 21, 22, 23 and 24 - Legal - Recreation Centre.

The workshop includes a variety of arts including candlemaking, children's crafts, weaving, macrame, clay modelling and firing. The instructors include Mrs. Carol Brown and Miss Ann Arlow, who have both had a large amount of experience and are excellent instructors.

There are crafts for all ages, both male and female so don't miss the workshop when it stops in your area. The price is right (free) but bring your lunch. Children under five must be accompanied by a parent.

I will be leaving on holidays for two weeks starting July 24, but if you have any questions about any recreation matters, call the office and Bernice Chalfoux will give you assistance.

ing at 1:15 p.m.

In view of the impending threat from Bertha Army Worms, the MD Council authorized the Agricultural Service Board to carry out an all-out program for the control of this costly pest in rapeseed crops. Council was told that the threat from Bertha Army Worms this year was still an unknown factor but ought to be prepared to deal with the problem if it manifests itself.

In an effort to enforce greater protection to hard-surfaced MD roads, Council unanimously approved a motion to post weight limit signs set at 45,000 lbs. with the exception of those roads already posted at 72,000 lb. load limits.

Every three years the Municipal District of Sturgeon reviews its insurance portfolio and this question was brought up at the July meeting. Council agreed to have the entire insurance package studied for further consideration.

Elaine Dohet receives Canada Cord from Mrs. Mary O'Neill deputy commissioner.

Canada Cord awarded to Elaine Dohet

On Friday evening, friends and relatives gathered in the Gibbons Community Hall, to offer congratulations to Elaine Dohet, upon receiving her Canada Cord. This is the highest award that can be received by a Girl Guide. Elaine is the first in the Gibbons area to receive the Canada Cord, which was formerly the Gold Cord Award.

The program was opened with the singing of "O Canada," and guests were then introduced by the mistress of ceremonies, Christine Hood. These included Mrs. Anne Chipchar, guide lieutenant; Mrs. Mary O'Neill, deputy area commissioner; Miss Pauline Vagueles, secretary for the Tamarac Area and cadet guide; Mrs. Edna Noel, Gibbons district commissioner; Mr. Denis Renaud, Elaine's uncle; Mrs. Toane; and Mrs. Evelyn Fraser, Canada division camp advisor.

camp advisor.

Mrs. Toane, Elaine's Gr. 1 teacher told the audience how she remembered Elaine as a small "rky-eyed, quiet, friendly girl and how she was known as a hard and earnest worker. Mrs. McWhirter sent a report as she remembered Elaine in Brownies. A serious, dependable worker who earned many badges. As a Guide, Elaine was quiet, well-dressed, and always present, said Mrs. Fraser, who had been her Guide Captain. In 1971, in her third year in camping, Elaine was voted the most improved camper. In 1972, Elaine tried for and received her Camp Leader badge, which is the top camping badge. Mr. Renaud, Elaine's uncle, remarked how Elaine was always a quiet, reserved girl but definitely a go-getter as she showed in receiving her Canada Cord.

Following this, the Tamarac Cadets from St. Albert then spoke about the Cadet program in Guiding. The "Ranger Song" was sung by the Rangers and followed by a Ranger enrollment ceremony.

Coffee and cake was served to finish a very enjoyable evening.

DIV. OF HAICO MFG

Behlen

Two local laddies turned up at The Gazette office last Tuesday near supper time with their catch from the Sturgeon River. Lonny Averill was lucky to get a big Jack, but Pat Poulin didn't go home empty-handed either.

The Holiday Community Volunteers at Faust, with Co-leader Cathy Miller at left, Henry Roy, Janet Ferras, Co-leader Ray Huberdeau and Bev Farina.

Teen centre being remodelled - with native people

Donations welcome

The St. Albert Teen Centre or Coffeehouse has begun to remodel and to clean the coffee house in preparation for next season. Teens are in the process of painting, tearing up old flooring and laying new linoleum and general reorganization. Hopefully they will be finished around the end of August or early September.

Donations of any sort would be greatly appreciated, by the young people. Preferably articles such as sofas and chairs, not to mention dishes, odd pieces of furniture, paint, tiles, generally anything which can be put to practical use. For more information please phone Marguerite Sanche at 599-6903.

At the moment nothing has been finalized concerning next season's schedule, however they hope to have things straightened out by the end of the week, reports Lynda Weber.

Every married man should forget his mistakes. No use in two people remembering the same thing.

The Holiday Community Volunteers are a group of young men and women from St. Albert High who, for the past three years, have worked with native children in various communities in British Columbia, Alberta, Saskatchewan and Manitoba.

This year there is a group at Faust and another at Cross Lake, Manitoba. There are also a number of volunteers working as counsellors at Camp Lacombe on Alberta Beach.

The work at Faust included setting up a Teen drop-in centre, teaching native children handicrafts and catechism, and otherwise assisting them to keep occupied during the summer. The HC will organize masses for the community as a whole and arrange games and sport activity for young and old.

Under the direction of Father Duchesneau of St. Albert parish, the HCV are learning leadership, self-reliance while at the same time fulfilling a need in the community they serve. This group is one of three from the St. Albert Holy Movers.

Besides HCV work they have two choir groups, who

recently performed "Superstar," and they supervise the Coffee House, a year-

round drop-in centre for all the 'late-teens' of St. Albert.

Co-leader Raymond Huberdeau is seen in front of the headquarters of the St. Albert Holiday Community Volunteers at Faust, Alberta. This house (?) had to be thoroughly aired and cleaned, and odds and ends of furniture procured prior to the HCV moving in.

"Come With the Family and Worship With Us"

MORINVILLE MEMOS

By Rose Martel

Congratulations to Mr. and Mrs. John Schenars, who celebrated their silver wedding anniversary last Friday, with a social evening in the Legion Hall, attended by some 150 invited guests. Miss Conno Wyotkiw, Robert and Richard Le-pape, niece and nephews of the couple, hosted the evening.

On Friday, late afternoon July 14, Calvin Van Riper, son of Mr. and Mrs. Roy Van Riper, #6 Grantham Place, St. Albert, was instantly killed on Highway #2, somewhere and one-half miles south of Morinville. The youth was southbound, when he suddenly veered in front of a 46,000 pound pump truck also southbound. RCMP took charge of the investigation.

Last Monday was a very usual day. The high was 49 above at 1:30 p.m. and one resident was seen hoeing his potatoes, with a winter park and gloves on. Another rural citizen on a tractor, had a red woolen toque pulled over his ears, and was also wearing his winter parka. For July 10 in Alberta this must be a record. It must be remembered that there was a hill eclipse of the sun, and that maybe the cause of the crazy weather we are experiencing this summer.

To make matters worse, on Friday afternoon around supper time, a brief but fierce hail storm, cut a good swath north and east of Morinville. At press time the amount of damage is not verified, but the rapeseed crops now in full bloom, will suffer from 30 - 50 per cent in the section hit by the wind and 10 minute storm.

There will be a blango on Wednesday, July 26 at 8 p.m. in the Recreation Hall, sponsored by the Golden Age Club. Senior citizens and friends are cordially invited to attend. Admission is \$1 - extra cards will cost 25 cents each. Prizes will be cash. Everybody welcome.

The students from Georges P. Vanier high school, 20 strong, left by plane on

Friday morning for Louisierville, Quebec, Montreal, Quebec City and Ottawa will also be visited as well as a full day at Man and his World. They were accompanied by Mr. and Mrs. Gerald Houle as supervisors. Two other girls, now visiting in the East, Miss Carmen Boissonault and Miss Colette Tailleux, both report a wonderful time, on their six week French Cultural student exchange program tour. This past week a telephone conversation to Morinville homes from Rimouski, P. Q., confirmed the spirit of enthusiasm and fun being enjoyed by both.

The grand opening of Labonte's Super A Foods in Morinville was a complete success. Winners of the valuable prizes, drawn for on Saturday evening at closing time, were: 1st prize: hind quarter of Blue Brand Beef, Mrs. Gabrielle Morin; 2nd prize: electric frying pan, Phillips Casseiter; 3rd prize: electric hand mixer, Osborne J. Broemeling, all of Morinville.

Congratulations to Mr. and Mrs. Allan Parko, (Shelley Stapleton) who welcomed their first baby, Laura Lynn on Tuesday, July 11, 7 lbs. 8 ozs.

Last week we met "Charlie" a pet crow of young Rene Beland, 13 year old son of Mr. and Mrs. A. W. Beland. He was captured before he could fly, and is being trained to become a pet of the young lad.

Mr. and Mrs. Robert La-pointe and family from Hughenden, were Morinville, Legal and district visitors last week.

Mr. and Mrs. Matt Hiltinger have returned from a motor holiday to California.

Sherry Kryskow, president of the Morinville senior student union, recently attended a Student Union seminar at the U of A. Some 35 presidents from Alberta senior high schools were in attendance, for the one day conference.

Rev. Father G. H. Pri-meau attended the consecra-

tion in St. Boniface, Manitoba, July 18 of Bishop Raymond-Roy, newly appointed Bishop for the diocese of St. Paul Bishop Roy will be enthroned in St. Paul on July 27.

Many of our citizens are enjoying holidays this month. Among those reported on holidays are: Mr. and Mrs. Roland Riard and family, touring B.C. Mrs. Ann Maslyk and son Terry, accompanied by friends, also visited B.C. resorts recently. Mr. and Mrs. Camille Gregoire, and family, on their annual holidays. Mrs. Simone Gervais and children, accompanied by her parents, visiting relatives in Pontex, Sask. Mrs. Jeanne Houle has returned from a lake-shore holiday with her son Maurice and family. Mr. and Mrs. Bernard Fuchs, had the pleasure to welcome their son, Hubert and family from Cairo, Egypt, for a month holiday in the old hometown. Hubert is research engineer with AMOCO International Oil Co. Ltd. Mr. and Mrs. Alphonsie Nobert and family left this week for a summer holiday. Mr. and Mrs. Robert Anderson will also enjoy a camping trip with their family for the next three weeks. Also Mr. and Mrs. Jule Carrigan and family and Mr. and Mrs. David Kegler and family are back from their summer holiday.

Mr. and Mrs. Albert Craig and family have also returned from a family holiday in their summer resort in Lac La Biche.

Mr. and Mrs. Robert Teller have moved to a suite in Edmonton and their son Georges and family are now residents of the family home in Morinville.

Bernard Meunier was guest of honor at a stag social held last weekend in

Morinville. He will be married on July 22 to Miss Ruth Schuster, daughter of Mr. and Mrs. John Schuster of Edmonton.

Miss Rose Mary Nolte, daughter of Mr. and Mrs. Joseph Nolte, who will become the bride of Mr. Neil Kennett, son of Mr. and Mrs. Frank Kennett of Westlock, also on July 22, was the guest of honor at a bridal shower recently. Mrs. Francis Bokenfohr entertained some 18 ladies at her home, and Miss Nolte received a beautiful assortment of gifts. A social evening was enjoyed and a lunch hour concluded the soiree.

Mrs. Rachel Bulger and family is a guest at the home of her parents, Mr. and Mrs. Ed Meunier. She has arrived to attend the wedding of her young brother Bernard.

On Thursday, July 13, a delightful supper and social evening was enjoyed in the Morinville Legion Hall by some 35 members of the Golden Age Card Club. Hostesses for the evening were Mrs. Rom DeTennacourt and Mrs. Jeanne Houle. After a delicious hot meal, the group enjoyed card games. Mrs. Marianne Beaupre, won two prizes. The attendance prize and first prize for cards among the ladies. Mr. Oswald Chevalier won top honors among the men. Consolation prizes were also presented to Mrs.

MUNICIPAL DISTRICT of STURGEON NO. 90

Cancellation of Road Allowance

BYLAW #167-72

Under Authority of Section 175 of the Municipal Government Act R.S.A. 1970 with amendments including 1972, the Council of the Municipal District of Sturgeon #90 intends to cancel, subject to the approval of the Minister of Highways and Transport, the north south road allowance (7 1/2 miles) located east of the following lands: S.W. 31, W 1/2 of 30, W 1/2 of 19, W 1/2 of 18, W 1/2 of 7, W 1/2 of 6 all in Twp. 54, Rge. 26, W of 4th Meridian. Also east of the W 1/2 of 31, W 1/2 of 30-53-26-4.

A person, who claims that he will be affected prejudicially by the cancellation of said road allowance, shall be given an opportunity to submit his objections before Council at the meeting to be held August 10th, 1972 at 2:00 p.m. in the Municipal Office at Morinville, Alberta.

Alphonse Nobert,
Secretary-Treasurer.

Alphonse Trotter and Mr. Gerard Rousseau.

Edmonton radio station. How lucky can a couple get?

If you see Germaine and Louis Proulx with an extra smile these days it is because they have enjoyed a very profitable holiday this year, with winnings of some \$800. On the same day Mrs. Proulx won a large sum at bingo and Louis won the "at Rich Jack Pot" on an

With this happy note, years truly will also go on holidays and all local advertisers are reminded to phone the office at 599-7144 for changes in their weekly ads or for new ads, until July 28.

BON ACCORD — Baseball

By Sadie Allen

In the final game played at Gibbons on June 28 - Bon Accord 13 - Horsehill 12. Ten and under boys are: Bevon George, Brian Lewis, Linden Morris, Victor Uchacz, Del Robertson (assistant coach); Archie Leger (coach); Gary Swanke, Patrick Quaghebeur, Gary Beloeck, Tony Leger, David Kreway, Calvin Brown, Darcy Kryskow, Kelly Robertson, Kevin Robertson, Todd Leger, Pat Madden, Brian Bland, Murray Pawluk and Phillip Luchka.

In the final game played at Gibbons on June 29, Bon Accord won 6 - 3 over Gibbons. Eight and under boys team members are as follows: Greg Gibson, Chris Carleton, Gregory Uchacz, Geoff Coleman, Basil Lewis, Rick Komlek, Warren Schneider, George Kelly, Wayne Swanke, Blaine Malanchen, Royale Samis, Danny McKay, Ronnie Abramski, Mark Carleton, Donald Strawson, Barry Briggs and Jim Hopkins. Coach Tom Carleton.

In the semi-finals held on June 22, the Bon Accord 10 and under girls lost to the Horsehill Tigers 18-8. Horsehill Tigers went on to win the league trophy. Team members of the 10 and under girls are: Tami Kowalski, Leah Irmen, Shawna Brennan, Beverly Hewitt, Lori Madden, Viv-

ian Owens, Carmen Carleton, Angela Irmen, Betty Kushak, Cathy Malanchen, Jill Nicholson, Connie Draper, and Lorraine Gervais. Coach - Doreen Hewitt; assistant coach - Doreen Brennan.

Final game played at Gibbons on June 28 in the 12 and under boys, Bon Accord beat Namoo by a score of 22 - 7. Team members are Rob Hewitt, Rick Kreway, Warren Everett, Dean Draper, Mike Uchacz, Bill Allen, Treg Brown, Donald McKay, Barry McBride, Dale Malanchen, Darrell Kuzyk, Larry Kelly, and Tim Strid. Coach - Jim Draper; assistant coach - Don McKay.

In the final game played at Gibbons on July 3, the 14 and under boys were defeated by Horsehill by a score of 7 - 6. Team members are: Chuck Critchley, Hal Schneider, Randy Nelson, David Millwood, Randy McBride, Jimmy Allen, Brian Raemer, Zack Irmen, Dennis Kinjerski, Norman McBride, Fred Weinzierl, Bill Madden, Ray Payou, Norman Robertson, and John Mulligan. Coach - Hugh Allen; assistant coach - Sid Schick.

The Bon Accord 18 and under girls defeated Legal girls 33 - 7 to win the trophy donated by Northwestern Utilities by Andy Campbell. Team members are: Gail

Chubb, Connie Mulligan, Donna Zimic, Karen Draper, Debbie Krysko, Debbie Uchacz, Fay Strawson, Mildred Weinzierl, Barb Mulligan and Sharon Draper. Coach - Gail Critchley.

The Bon Accord 12 and under girls won the league trophy donated by Johnny's Store, Namoo, when they defeated Horsehill 25 - 16. Team members are: Pat Chubb, Shelly Baker, Dallas Kreway, Lyla Franchuk, Beverly Thompson, Cathy Gervais, Belinda Draper, Diana Mulligan, Lori Pawluk, Karen Krysko, Kim Reynolds, Janet Mulligan, Lori Ann Raplan, Sandra Budzinski, Cynthia Bojeko, Cynthia Irmen, Wendy Lewis and Lori Kettler. Coach - Gail Thompson; assistant coach - Donna Gervais.

PROVINCIAL PLAYOFFS
The Bon Accord 14 and under girls hosted a round robin in the semi-final Northern Zone Provincial playoffs on July 8 and 9. This was a double knockout series. The Bon Accord girls lost their first game to Mayfield 15 - 7. Vermilion lost to Wellington Park 24 - 23. Bon Accord defeated Vermilion 23 - 7. Then on Sunday, Mayfield defeated Wellington Park. Bon Accord defeated Wellington Park 15 - 12, and Mayfield defeated Bon Accord 16 - 4. Mayfield now goes on to the North Zone finals on July 15 - 16.

For the fourth year in a row the Bon Accord 14 and under girls won the league trophy donated by the Bon Accord Polato Farm (Bill and Doris Carleton). They defeated Morinville 26-21. Team members are: Jane Stuart, Wendy Draper, Penny Carleton, Beth Lewis, Jackie Morris, Debbie Rye, Florence McKay, Kathy Draper, Marsha Rigney, Lydia Uchacz, Susan Gervais, Kim Pawluk, Debbie Carruthers. Coach - Frank Draper; assistant coach - Keith Whitsyn.

Polican Lake Black Buck, owned by Jim Thompson, Bon Accord, proudly displays trophies won at the Red Deer and district all breed championship dog show on June 24 and 25. Buck won his Bench Championship by winning Best of Breed on both days. He also placed fourth in the entire group on the 24th and third on the 25th.

AROUND STURGEON

"I got myself my boy," said Roger Comeau, reporting the arrival of Neil Ronald at the University Hospital last Friday at 6:30 p.m. Roger and Mona have two daughters, Kelly 5, and Jody, 4 years. Other people delighted with the news are grandparents Mr. and Mrs. Moses Comeau and Mr. and Mrs. Simon Outmet. Mona and Neil are doing just fine.

The picnic and cabaret planned at Riviere Qui Barre has been postponed to August 19th, rather than August 5th as was announced in the Billboard last week. So make a note of August 19th for a fun night out at the school recreation centre in Qui Barre.

BON ACCORD

By Sadie Allen

Last Sunday marked the gathering of the clan when 93 of the 141 direct descendants of Mr. and Mrs. A. Bland, pioneer members of the Excelsior district (now deceased), met at the home of Russell and Doreen Pawluk for an afternoon of games topped with a barbecue supper. Mr. and Mrs. Bland came to the district in 1889. The three surviving members of a family of five, John Bland and Edith Carleton of Bon Accord and Constance Metcalfe of Valleyview were present at the reunion.

Now that baseball and softball are over for the younger fry for the season we take our hats off to the young people who brought six out of eight trophies home to Bon Accord. Congratulations!

Dale Malanchen, Rick Kreway, Warren Everett and Jim and Bill Allen spent the week attending Len Haley's hockey school at St. Mary's Arena in Edmonton.

A miscellaneous shaver in honor of Kay Hine, fiancée of Dean Lewis, was held in the clubroom on Friday, July 14 at 8 p.m.

The 4H Clothing Club camp-out is slated for Aug. 14, 15 and 16. Last year and this year members who are interested in attending are asked to contact Rita Milligan or Dorothy Rigney as soon as possible so final

arrangements can be made. Get well wishes go to Frank Malanchen and Walter Chubb in the Royal Alex Hospital.

The B.A. 4H Beef Club held their Achievement Day at the Exhibition Grounds in Edmonton on July 17. Marsha Rigney's steer was judged Grand Champion with the Reserve Champion going to Judy Abramski's. Marsha also won first in Showmanship and Grooming with second place honors in Showmanship going to Judy Abramski and in Grooming to Lydia Uchacz.

A notice to all baseball boys. If you have not turned in your uniform please do so as soon as possible to your coach.

VIMY NEWS

By Jeanne Laplante

Mr. and Mrs. Henry Bernard left Vimy last week for an extended holiday south.

Clement Blanchette, son of Mr. and Mrs. Albert Blanchette attended the 4H Club Week at the Vermilion School of Agriculture under the auspices of the Alberta Wheat Pool and the UGG.

Mr. and Mrs. Leo Provencal and family holidayed at Miette Hot Springs, Radium and Fairmont.

Recent guest at the home of Mr. and Mrs. U. Landry is Miss Lucille Fortier from Edmonton.

Visiting friends in Washington, D.C., are Mr. and Mrs. Rene Joly and son.

Arthur Blodreau is presently attending the Greg Polis Hockey School in Westlock.

Mrs. Leon Huot accompanied by Mr. and Mrs. Frank Rivard enjoyed a holiday in the north then up to Revelstoke and Calgary where they visited relatives.

Mr. and Mrs. Alex Cyre were delighted upon the arrival of Mr. and Mrs. Philip Cyre and daughters Phyllis and Paulette from Plamondon. The families motored to Creston, B.C., to visit family and friends.

Attending the Golden Bear Hockey Camp are Yvon DeChamplain, Raymond Landry, Louis DeChamplain, David and Peter Dubois, Leo Huot and Richard Laplante. The boys wish to thank Mr. Bill Dubois who took them

on an airplane ride which they most thoroughly enjoyed.

The Leonard Blanchette residence was the scene of a gala family reunion upon the arrival of distant relatives. These included Mr. and Mrs. Tom Keane, new-lays who make their home in Newfoundland, Mr. and Mrs. Joe Keane from New-castle, N.B., Mrs. Cathy Connell from Chatham, N.B., Mrs. Harvey Boudreau and Mr. Jim Kim from New-castle, N.B., Mr. and Mrs. Art Crost and Miss Colleen Duffy from Chatham, N.B.

A hearty invitation is extended to all to attend the Vimy Senior Baseball Tournament to be held on Saturday and Sunday, July 22 and 23. The schedule of games is as follows: Saturday - 11 a.m., Morinville - Bon Accord; 1 p.m. - Edmonton Cardinals vs Westlock; 3 p.m. - Redwater vs Slave Lake; 5 p.m. - Legal vs Vimy. Sunday: 12 noon list

We don't like to say which of the Calahoo Cuties this fellow is, but hopefully Ken is one who will refrain from any remarks about how some women look from behind the glass when they are throwing a curling rock. Part of the action at the ball tournament and picnic at Calahoo.

Bon Accord Teams Collect 6 Trophies

By Sadie Allen

After many busy weeks of practising and playing games, both football and baseball, Bon Accord has a total of six league championship trophies to display. In football, the 12 and under girls, 14 and under girls and the 18 and under girls all won the league championship. In baseball, the 8 and under boys, 10 and under boys and 12 and under boys, all won the league championship. Also 8 and under girls 10 and under girls 14 and under boys teams gave an admirable representation of Bon Accord.

The boys and girls did do a wonderful job but a great deal of credit should be given to the coaches. These coaches put in many hours of hard work often without even a thank you from the team or a parent. Coaches are hard to come by in this day and age so get out and give them a pat on the back as well as the boys and girls who gave Bon Accord a record in 1972 to be proud of. Our coaches for 1972 were:

semi final; 2:30 p.m. 2nd semi-final; 5 p.m. - FINAL. There will be concession booths and there is promise of some good ball action.

Pioneer passes

By Liz McLeod

Calahoo and district are mourning the loss of one of its beloved pioneers, Mrs. (Charles) Margaret Nord who passed away on July 6 at her home.

She was predeceased by her husband Charlie some years ago. Mrs. Nord, better known as "Maggie" was 83 years of age at time of passing.

By Liz McLeod

Correction - In the write up of the rules for the Calahoo Flower and Vegetable Show, #12 should read: Entry fee will be 10¢ per class, with a maximum of \$1 per ENTRANT, NOT per family as previously stated.

Norman and Flete Anderson's daughter, Robin is enjoying her holiday with relatives in Calahoo and can be seen playing ball at games on the sports grounds.

How nice to renew friendships after 40 years. This was the case when Mandel and Lillian Slettan from Sedalia, Alberta, stopped over at Myles Daphne and Alex Kerr's for a long overdue visit. Lillian and Daphne and a friend shared a bachelor apartment while finishing school and as the case is, we find jobs and boy-friends and get married so with employment taking folks elsewhere, friends often are parted for long periods, but good friends reunite as in this instance. Many happy times were recalled and the Slettans' plan on stopping over again when they come back from visiting more friends and relatives.

Charlie and Margaret Dunstall's daughter, Norma is a visitor at Pete McLeod's for the month of July, coming from Crescent Beach, B.C., via Pacific Western Airlines. Norma is presently visiting at her Auntie Gwen Wylie's in Onoway and will also stay at her Auntie Bea Dunstall's at Gunn.

Norma was pleasantly surprised to learn of her brother Charles (Skip), Helen and family were visiting at Helen's parents the J. Mitchell's north of Onoway and went to visit with them.

Patsy Matkea is enjoying her holiday staying at her sister Diane and Cliff Fowler's home in Calahoo. Glad to see Clifford getting around so well after his injury.

Mr. and Mrs. Lorne Boles of Estevan, Saskatchewan were supper guests at Mr. and Mrs. D. Roddick's and will return for more visiting after visiting other relatives.

Calahoo welcomes summer visitors

Staying for a holiday is

Aline's sister, Aline Landry of Ste. Rose du Lac, Manitoba.

Mr. and Mrs. Roddick will be moving their trailer home on to their acreage south of Calahoo soon.

It sure is nice to see Mr. Fred Brown driving his new company truck now. Fred is presently employed at Pincher Creek so it was a good time to holiday and their son Russell (who is way-layed with a broken leg and recently got a shorter cast on) took his mother down to that area for a visit. Elaine L'Heureux is assisting Sherri Lynne with the chores in Madeline's absence.

Charlie and Gladys Vader from Valleyview were most welcome visitors to the district, stopping at K. Dalheim's, Lucienne Vader's, G. Schermund's and Dolly Majeau's and staying with Charlie's sister Alice Warren.

McLEOD REUNION HELD

The sun shone brightly and soft breezes blew on the happy day that 65 relatives of the Pete McLeod family joined in on a day of renewing acquaintances and seeing some infants for the

first time.

After the huge meal in which eachone shared, many of us wished to play ball so went to Calahoo's ball diamond and had a good game with the score tied and then back home to visit and more food.

It was a rare treat to have Pete's two uncles, Alfred and Fred Rhome from the Telfordville district of Leduc and Aunt Ruth Hodgins (who is staying for a visit) join in the festivities.

Mother McLeod Russell who is their sister, was pleased as the rest were to see Uncle Fred doing so well after being in hospital a couple of months, and it was the first time for Uncle Fred to come to Calahoo.

Pete's sister, Gertie and brother Ernie were two of the 29 odd immediate relatives missing. After seeing so much fun it was decided to hold a reunion more often

Senior Men's Baseball

Vimy won the Bon Accord baseball tournament by defeating Morinville 6 - 0. The Community Centre Board would like to take this opportunity to thank all of the both workers, gatekeepers and all those who helped in any way to make both tournaments a success.

SAT. AUGUST 5 - Leon Riopel, Morinville, Alberta.

SAT. AUGUST 12 - Bob Dennis, Morinville, Alberta.

The Balmoral Balladeers of St. Albert, who have made a name for themselves on stages throughout the area, including Edmonton Klondike Days will be featured headliners at the Fete au Village in Legal, July 29 and 30. Back row, left to right, Susan Schuchard, Louise Lukay, Frank Lukay, Rick Schuchard and Fran Schuchard. Front row, left to right, Mary Crichton (holding five-month-old Celeste), Mary-Lou Lukay, Martha Schuchard and Larry Schuchard. Missing for the picture but very active members of the Balmorals are Frank and Rita Schuchard who are expected to be present for the Fete au Village engagement.

Legal Clinic busy opening day

By Lucienne Montpetit

The official opening of the Legal office of the Associate Medical Clinic St. Albert was held on July 14 at 1 p.m. with the cutting of the ribbon by Mayor Leon St. Martin. Also present at the ceremony were Marcel Dube, chairman of the Econ-

omic Development Board, Dr. McDonald, Bruce Murray, business manager of the clinic, and the receptionist Agnes Bokenfohr.

The Legal Economic Development Board in conjunction with the Village Council met several times with the Associate Medical Clinic in

St. Albert to make the necessary arrangements for the clinic to come to Legal once a week.

The clinic is located one block south of the Co-op Store on 49th Avenue and will be open every Friday from 1 p.m. to 5 p.m.

For appointments phone the nurse at 598-3991 on Fridays from 10 a.m. to 5 p.m.

Anyone wishing prescriptions filled on the same day should advise the nurse, who will make arrangements for delivery Friday evening. The clinic was kept very busy on opening day, with patients booked for the whole afternoon.

By Lucienne Montpetit

A busload of students driven by Real Champagne started their swimming lessons on July 17 at the O'Leary Pool.

A warm welcome to Mr. and Mrs. Lawrence Trilheart and family from Saskatchewan who have moved in the trailer court recently, also to Mr. and Mrs. Garland Sloan and son from Sacramento, California.

Mr. and Mrs. Raymond Roy and daughters from Rimouski, P.Q., were visiting friends in Legal last week.

Mr. and Mrs. Rene Shank and Mr. and Mrs. Richard Maurier are happy to be

moved in their new home.

Everyone is invited to attend a Bingo at the Chateau Sturgeon on July 21 at 8 p.m.

If you haven't purchased your sash and toogie for Fete au Village, now is the time to call Mrs. Leo Maurier, 598-2515.

Take out your flags and decorations, decorate your homes and yard for our annual celebrations coming up on July 29 - 30.

Mr. and Mrs. Roland Bilodeau have started on the construction of a new home.

Louise Regimbald was feted at a bridal miscellaneous shower held at the Recreation Centre on July 16. Hostesses for the afternoon were Cindy Chodan, Rita Teulie, Paulette Tremblay and Marie Pelletier. Louise will become the bride of Jos Slobogean on August 5.

Fete au Village will draw thousands of people in our community again this year and it is hoped that everyone will wear their Fete au Village costumes. This attire has a special meaning for these two days and each one should wear it with pride.

VILLAGE OF LEGAL PROCLAMATION

Mayor St. Martin has declared by proclamation that August 7, 1972 will be a civic holiday within the Village limits.

Leon St. Martin, Mayor,
Village of Legal, Alberta.

Legal's festival sea tures fun - food - excitement for the whole family

By Lucienne Montpetit

Legal is getting set for a bang-up event - "Fete au Village" on July 29 - 30. This is the place to go, just 28 miles north of Edmonton on Highway #2.

Everyone is curious to hear and see what will be "cooking" on these two days. The visitors to Legal will never have a dull moment.

To start off the summer festival, come and enjoy flapjacks a la Canadienne (free street breakfast) at 8:30 a.m., followed by the parade, headed by Horst Schmid, minister of culture, youth and recreation, will wind through the village, then the grounds will be buzzing with noise and excitement for the whole family.

When you pay your admission at the gate, which entitles you to the \$25 gate prize, you will also receive a pass for a week of Karate lessons courtesy of the Four Seasons Karate Schools.

Ladies while relaxing why not go to the Tea Room and get your tescap read?

On Sunday afternoon everyone will be looking up to see the sky-divers who

will land on the ball diamond.

The bandshell program will also shape up around 2:30 p.m., followed by the pancake eating contest.

The entertainment committee have searched near and far to again bring visitors to the fair the best and a wide variety of fine entertainment.

At the Citadel Jamboree the arena on July 30, the famous TV star Johnny Forrest, Canada's top Scottish entertainer featured on Don Messer's Jubilee, will be a delight to the audience.

Other performers include Robert Lang a very versatile entertainer, who is sure to be a crowd pleaser with his comedy magic, Paulette Parisien will charm everyone with her french songs, while the very talented Balmoral Balladeers from St.

Albert will show what a talented family group can achieve when they get together with harmonious voices.

A change of pace will be a Karate demonstration by the Four Seasons School. The draw for a Trip to Spain will conclude the program. This spectacular variety show will bring the festivities to a close.

All tickets sold for the Trip to Spain should be turned in by July 26th to Jules Larose and unsold tickets returned at the ticket booth on the grounds, July 30th.

Municipal District of Sturgeon

Money In Lieu Of Park Reserves

Pursuant to Section 26.2 of the Planning Act, R.S.A. 1970 and including the 1971 and 1972 amendments, it is the Council's wish to apply to the Provincial Planning Board for an order disposing of the reserves by money in lieu of park reserve land. The lands in question are:

- 1) Park Reserve Lot R, Plan 3341 R.S., Gagnon Estate consisting of 5.91 acres.
- 2) Park Reserve Requirements in S.W. 23-53-25-4 consisting of 13.28 acres.

A person or any local group of residents affected by the proposed disposition of reserve land shall serve written notice of his objection to the undersigned prior to the day of Public hearing which is to be held July 27, 1972 at 2 p.m. in the Municipal Office at Morinville.

Alphonse Nobert,
Secretary-Treasurer.

Our Half Acre

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

Bertha Army Worm threatens again

By Wally Klatt,
District Agriculturist

There are good indications that the Bertha Army Worm will be a problem again this year.

The moths emerged from the pupae between mid-June and July. These moths lay eggs normally on the underside of the leaf which hatch in about a week as destructive larvae.

The young larvae feed on the leaves and as they grow and mature they will move on to the rapped seed.

Rapped growers should check their fields carefully to ensure the seriousness of infestation and how widespread it is. For instance the worms may only be in the low greener areas, etc.

To check for the size of the infestation, measure off a square yard, knock the worms from the plant by shaking and beating the plant and make a thorough search on the ground within the square area. If the average of the random squares (throughout the field) indicated approximately 10 worms or more per square yard, then arrange to spray with lannate.

In addition to the above Bertha Army worms, the beet webworm, clover worm and cabbage worm can also appear on rape leaves and pods.

The MD of Sturgeon's program for the Bertha Army worm will be the same as last year. Lannate will be available through the MD (fieldmen). Additionally farmers or producers requiring aircraft spraying services should contact, immediately, the fieldman at Morinville.

As indicated, farmers are advised to accomplish a random check for worms to determine if it is economically feasible to spray. About 10 worms per square yard average throughout the field will warrant spraying. All areas of the field should be checked.

If positive identification is required check with the DA or fieldman.

All producers should have a copy of "Insect Pests and Diseases of Rape and Mustard," available from the DA's office in Morinville. This is a very good publication with regard to insect identification.

The following points are considered important with regard to chemical spraying for the Bertha Army worm and beet webworm.

a) Personnel handling lannate, or working on a spraying project, i.e., markers, should wear protective clothing, including face respirators, cartridges and dust filters. This would include farmers working alone.

b) Keep animals and unprotected persons out of operational areas during treatment and while there is danger of drift. Keep out of sprayed areas at least until the spray has dried.

c) All members of a crew (or working alone) working on a project are to be cautioned as to the toxicity of Lannate when they handle Lannate.

d) Always read the label on the containers.

e) Lannate, when used, should NOT be mixed the day before using.

f) Lannate is toxic; oral and respiratory intake are especially dangerous.

g) Garden produce should not be used immediately after spraying.

h) Use at a rate of three to four ounces of the 90 per cent water soluble powder per acre. Apply a minimum of one gallon of water per acre and do not attempt to dissolve more than four ounces of lannate in one gallon of water.

i) Lannate is available in two pound containers and in 10 pound drums at nine dollars per pound.

j) Medical Information - 1) If chemical is spilled on part of the body, wash with soap and water immediately. Hence water and soap should be available.

2) Symptoms of Lannate poisoning are: weakness,

blurred vision, headache, nausea, abdominal cramps, constriction of pupils, sweating, muscle tremors and slow pulse. If these appear, contact a physician immediately.

The above information is for all people in the district. We hope the "worm" infestation does not occur.

By Pat Prymak,
District Home Economist

Who is at FAULT? The drycleaner, the manufacturer, or you - The Consumer? CLOTHING CARE is usually a concern of many individual consumers. When you buy a garment, you want it to last so you get your money's worth.

A fabric testing laboratory has been set up at the University of Alberta under the School of Household Economics, Elaine Wanzel, the textile technologist, reports that her main customers are drycleaners who have problems cleaning a fabric. Of over 400 samples tested last year --

22 per cent proved to be the fault of the drycleaner, 20 per cent the manufacturer's fault

16 per cent the consumer's fault

33 per cent from natural deterioration of fabric (e.g. draperies) or unknown.

"BEWARE" HINTS FOR CONSUMERS:

Take note of the following common problems experienced by drycleaners:

*Carmalized sugar (e.g. pop, etc.) became visible only after drycleaning because of the heat in drycleaning.

*White wool sweaters - yellow sections - because customer had left it, folded, in the sun.

*Color change in fabrics - because of chemical content of dye or fabric finish, or a stain, or perspiration, or exposure to daylight or artificial light in closet.

*Color bleeding - unstable color can be lifted with water, Scotchgarding, drycleaning solvent.

*Polyvinyl Chloride fabrics, tradenames Rhynyl, Rovana, etc. Do not confuse with tradenames "Scalon" "Polylon." Colors run because not stable, knits stretch excessively if not dried properly.

*Polyvinyl Chloride trim becomes brittle and shrunk when cleaned.

*Acetates - Knits stretch out of shape if not dried properly.

*Acrylics - distort with steam heat.

*Suede and leather - should be sent to specialist, because they lose natural oils in regular drycleaning. BITS & PIECES FROM THE CLOTHING WORLD

SPRING FASHIONS:

Red, white and blue are great spring colors again this year. Also, yellow and navy in combination are coming on strong.

Service to Farmers

THE AGRICULTURAL SERVICE BOARD
Municipal Building, Morinville, Alberta.

MUNICIPAL:

WALTER JERRAM Chairman and Member
GLENN BERRY Council Member
ROY SCHMERFUND Farmer Member
ALLAN SWERTNAM Farmer Member
ALPHONSE NOBERT Secretary-Treasurer
DON ENGLAND Fieldman
SIDNEY KUHN Assistant Fieldman

ALBERTA DEPARTMENT OF AGRICULTURE:

PAT PRYMAK District Home Economist & Member
WALLY KLATT District Agriculturist & Member

MUNICIPAL OFFICE --- PHONE 424-8276

DEPARTMENT OF AGRICULTURE --- PR 256-3351

The Homemaker

Nautical look - sailor collars, anchor and ship motifs, blazers, breton hats.

Chinese influence - mandarin collars, straight jackets and dresses with side slits, frog closings.

Classic look - shirtwaists, seersucker fabrics.

Bared backs, halving or dolman sleeves, tent shapes which are slim fitting through the bodice and flared below. Oxford bag pants are the "latest" and a reflection of the past.

"Sizzlers" - a micro-mini dress - bikini pants underneath. Hot pants cooled off, and this is a new spark in fashion.

Long dresses in peasant look. Arnel fabric predominates.

WHAT'S NEW?

"Spray 'n Wash" - from 75¢ - 99¢ for a 16 oz. spray can. Soon will be available in most department stores and Safeway.

It is sprayed on stubborn dirt, grease, and heavy soil on permanent press and other washable fabrics. Saturate the soiled area with the product, wait one minute, launder.

Knit Shears - from Singers - \$9.98. Have a serrated blade and a spring action handle.

Dylon Dye - for dying clothing, tie and dye, batik. Much more permanent to light and wash fading than the Rit, Tintex fabric dyes. Available from Woodwards, some craft shops, e.g., Craft Shack, some drug stores, e.g., Sprague.

COLD DYES are for natural fibres, resulting in true bright colors. Excellent fastness to light and washing.

MULTIPURPOSE DYES - natural and most synthetic fibres. 47 colors. Use in long dye, preferably simmer for greater density of color.

LIQUID DYES - liquid version of the multipurpose 15 colors. Polyesters can be dyed. Recommend triple strength multipurpose or liquid dye in dark shades to produce pastel colors.

POLYESTER THREAD has a nasty habit of wearing out the tension discs on sewing machines, and roughening the hole in the throatplate. Machine repairmen often go into snit-fits when a homemaker brings in a machine for tension repair. Since polyester thread is very strong it doesn't break readily, and its greater strength causes wearing. Fibres of the thread get into the tension discs and "gum" it up.

The repairman says that with the new three motion stretch stitches, you get sufficient stretch with cotton thread. However, the Department of Agriculture Clothing Specialist feels that the strong polyester, nylon or acrylic yarn of the fabric will easily wear out the weak cotton thread. That's the choice we must make, I guess.

SUEDES AND LEATHERS - are becoming increasingly popular for accessories as well as clothing. Sewing with suede isn't all that difficult if you have a roller presser foot and a strong enough motor on your sewing machine.

Suede and leather is available from Halfords, Dominion Tanneries and Tandy Leather in Edmonton, and there are samples available from a source in Kamloops. Also the Bay and Woodward's crafts sections have a bag of pieces in all colors for \$1.50. Although you can't choose colors, you can select a bag with mainly reds and purples, mostly browns, etc. They are great for sewing or crocheting together for purses, belts, vests, etc.

Farm machinery again prominent at Exposition

Farm machinery displays -- a vanishing component of Canadian fairs and exhibitions in recent years -- will stage a comeback at the Klondike Days Exposition, made-in-Saskatchewan

July 20 - 29.

This year more than 20,000 square space has been reserved north of the Sales Pavilion for showing of made-in-Saskatchewan implements. A dozen of that province's manufacturers, with the help of the Saskatchewan industry department are shipping machinery into Edmonton for the display.

Equipment to be shown will include the world's biggest rot weeder, a 10 3/4 inch grain auger, one of the largest available, and a unique fold-away truck tarpaulin. Rock pickers, cultivators, snowblows and self-unload storage wagons also will be on parade.

For a man with proper farm experience the wages will be \$350 a month with room and board provided.

For further information call the District Agriculturist's office at 256-3351.

Farm help wanted

A progressive young farmer requires a farm worker for the period of July to November, with possible full time employment to follow.

This is a large modern farm - seven quarters of land, 100 sows and 200 beef cattle.

The worker must be able to operate a front end loader and haying equipment. He

Insurance and Weather

-Released from the District Agriculturist's office. An information meeting regarding hail, crop insurance and weather modification was held at Westlock on July 5th.

General hearings are to be held in August, (the exact date to be announced later) at which time briefs are invited from any individual or group.

Trees for farmers - acreage holders

--Issued from the District Agriculturist's office.

The Provincial Department of Agriculture will have trees available for farmers and acreage holders for 1973 spring planting. In order to qualify, the area to be planted must be summer-fallowed for at least one year and is subject to inspection.

People requesting trees

are encouraged to discuss the choice of trees, planting methods and layout with the district agriculturist in Morinville.

Your application will be considered and processed until December 16, 1972. As some trees will be in short supply you would be well advised to submit your application early. Department of Agriculture, Box 510, Morinville.

An Aquadome year-around Swim Pool has recently been installed in St. Albert at the residence of Mr. and Mrs. Dale Jackson, 110 Grandin Road. The 14 ft. x 28 ft. pool is complete with diving board. Little Miss Jackson was entertaining two friends from down the street when Gazette photographer snapped this picture. St. Albert residents interested in seeing the new pool concept may visit the Jacksons any evening between 6 and 8 p.m.

Dale Jackson is kept busy these days building dressing rooms and other amenities alongside his new pool, which they plan to keep open 12 months of the year, so there is much to do in getting ready for our usual harsh winter weather. Visitors are welcome between 6 and 8 p.m.

Students to interview citizens on recreation

A St. Albert student group, under the direction of the Preventive Social Service Committee's hired summer assistant, Mr. Mankesh Kurich, will be interviewing local students and parents beginning today on Grandin Mall.

The interviews with students and parents will be video-taped for the purpose of determining the feelings of people toward the adequacy of St. Albert's recreational and leisure time activities and facilities.

The essential purpose of

the taping, says Linda Garvin, 15, who is working on the project, is to present to the public the views expressed by some of the people as to what might be done, especially during the summer months, to fill the void left by school and various forms of recreational activity coming to an end.

The survey will also invite suggestions from the public about seasonal and year-round activities. The video-taped interviews will be a random sample of the citizens of St. Albert and will continue for a week.

Councillor criticizes power hookup delay

Councillor Bob Hudson asked, what appeared to be quite an innocent question at Monday night's regular meeting of town council, but his question blossomed out into quite a sensation.

"Why would it take Calgary Power eight weeks to hook up a customer?" he asked. To supplement his question he elaborated by saying that he had received a complaint from Weston Construction, 19 Lakeview Drive, St. Albert who made application for power service in May and are still without this facility. "Would neglect to our customers here in St. Albert have anything to do with the fact that we still don't have a franchise with Calgary Power?" the councillor suggested.

Mayor Gibbon, while commenting on the question, said that he failed to see the connection where the lack of a franchise would have anything to do with service to St. Albert residents. The mayor then volunteered to get in touch with officials of Calgary Power immediately and have a report ready for the next Committee Meeting of Council.

In a statement Tuesday, Will Smith, regional manager of Calgary Power Ltd., in Edmonton said, "the normal time for power hook-ups in new areas stands at about eight weeks, depending of course on the size of the job. Calgary Power Ltd. has 35 construction units, about half of them contract crews, handling an estimated 5,000 service hook-ups in the immediate

Edmonton vicinity. We would like to have more crews, as would the contractors, but the qualified men just are not available.

"Several factors are involved in the delay of service to the company in St. Albert referred to by Councillor Hudson. Along with the delay in availability of some of the materials, there were also some last minute changes in the customer's own plans, which necessitated changes in the design of service for that company. We regret the delay in service, as much as Councillor Hudson and the particular customer involved, and we are doing our utmost in completing the service.

"I suppose the problem can be summarized by: delay in needed equipment, lack of enough staff to get all jobs done immediately and last minute changes in original plans."

In an interview with Allan Chase, manager of Weston Construction Products here in St. Albert, Mr. Chase said his application for power from Calgary Power Ltd. has been in the books for more than eight weeks.

"I have called on the local Calgary Power representative several times since making the application, Mr. Chase said, "and each time I was given a variety of reasons for the delay."

Mr. Chase also asked to see a copy of the order for the material that was supposed to go into his job and it revealed the order was made on June 28. "That indicates to me," said Mr.

Chase, "that I'm faced with a longer wait." When asked to describe the changes in his firm's service hookup Mr. Chase explained that the only change was that the feed line would be coming from a different pole. "I can't see what's so complicated about that," he said.

In a telephone conversation with Calgary Power Ltd. The Gazette was informed that Weston Construction Products will probably be hooked up before the end of the week, now that construction materials have arrived and a crew has promised to do the job soon as they finish in Westlock.

Mayor Gibbon told The Gazette that the power franchise with Calgary Power, "expired in 1968 and is a point of business council will have to tackle soon."

Diplomatic husband to his wife: "How do you expect me to remember your birthday when you never look any older?"
